

FAIR
SQUARED

2021

As an alternative trading organisation and manufacturer of Fairtrade products we are focusing on many innovative products that are attractive for distributors and their customers.

This is why, since the establishment of our first brand FAIR SQUARED, so much more came along which we would like to commend to you.

The experiences gained during the last years and our growing offer is leading to the fact that we are able to achieve more and more for the people in disadvantaged regions.

We are remaining true to our mission: Better working and living conditions for our partners in developing countries and emerging markets, who stand at the beginning of our supply chain.

Become part of it!

FAIR SQUARED	3
FAIR ZONE	26
RICE & CARRY	35
GÖTTIN DES GLÜCKS	43
FAIR MOVE	45

A woman with dark hair, wearing a green and yellow sari with a red patterned border, is smiling and holding a large basket filled with produce, likely rice, in a lush green field. The background is filled with large green leaves, possibly banana leaves.

FAIR
SQUARED

Employee Sinthujah, Rice & Carry, Sri Lanka

The beginning of our Fairtrade history can be best described with the foundation of the brand FAIR SQUARED. In 2010, the idea of transferring the concept of fair trade to an assortment of high-quality cosmetics and hygiene products was born. Also, the condoms which are officially declared as vegan, were part of it from the beginning. A wide range of products that follows the claim “fair from head to toe” was quickly developed.

Olive oil from Palestine and natural rubber from India and Sri Lanka among others were the first fairly traded materials. By now, numerous Fairtrade materials from different parts of the world are used in our formulas.

The range encompasses, next to body and facial care products, hand creams, skin oils, lip balms, as well as an intimate care assortment and shaving products.

BODY CLEANSING SOAP BARS

BODY SOAP APRICOT SENSITIVE SKIN

Sensitive skin needs gentle and nurturing cleansing. For this type of skin, we developed our Body Soap Apricot. Thanks to mild and saponified oils, like fairly traded apricot kernel oil, your skin receives the perfect care.

Superfating level: 7.0%

2 x 80 G + COTTON SOAP BAG, 4910268

18 PCS. X 80 G, 4910440 **NEW**

BODY SOAP COCONUT SOFT PEELING

It is known that regular peeling helps regenerating the skin. This body soap is removing dead skin cells which improves the skin texture. This foaming peeling contains coconut oil and cleanses the skin gently. Additionally, the peeling can have a positive effect on the blood circulation. We use Fairtrade coffee grounds for a sustainable peeling effect.

Superfating level: 6.5%

2 x 80 G + COTTON SOAP BAG, 4910270
500 G SOAP BAR, 4910431

HAIR CLEANSING SOAP BARS

HAIR SOAP APRICOT SENSITIVE SKIN

This hair cleansing soap was made for mature, dry and sensitive scalps. Its basis is a mild composition of shea butter and olive oil. The processed oils are said to have a skin-soothing and moisturising effect.

Superfating level: 2.0%

2 x 80 G + COTTON SOAP BAG, 4910264

HAIR SOAP SHEA DRY HAIR

The Hair Soap Shea perfectly suits the needs of dry hair and sensitive scalps. Within the process of its formula creation, shea butter and babassu oil were chosen, since both oils are said to have a soft cleansing effect.

Superfating level: 3.5%

2 x 80 G + COTTON SOAP BAG, 4910265

HAIR SOAP OLIVE NORMAL HAIR

This hair cleansing soap is oriented towards the needs of dull hair and includes fairly traded olive oil which is known for giving shine and volume.

Superfating level: 1.5%

KÖLSCHSEIFE OHNE JEDÖNS FÖR DE PLÄÄT

Originally invented by FAIR SQUARED: organic certified Kölschseife for bald heads. Incl. bald head's polish and polish cloth.

80 G 4910390

Here it is: The first Kölschseife (literally meaning: Cologne's beer soap bar) with sustainable and Fairtrade ingredients. Behind the FAIR SQUARED Kölschseife is the concept of processing regional and fairly traded resources to nurturing hair cleansing soaps. Based on the idea of giving particular importance to the hop, which is known for its nurturing qualities.

Together with organic certified Kölsch (beer) from the Cologne-based brewery Heller, we have developed a range of organic certified Kölsch soaps that offers sustainable care for each type of hair.

EXAMPLE: STOCK PACK

EXAMPLE: 500G SOAP BAR

THE STORY BEHIND

SOAP BAR MEETS FAIR SQUARED

When talking about our colleague Mohamad Khiri, the name “Aleppo man” is mentioned very often. He is the face behind our solid soaps and is part of the FAIR SQUARED team since the beginning of 2019. But how did this actually happen and what is the story behind it?

FROM ALEPPO TO COLOGNE

Mohamad is native Syrian. He lived many years in Aleppo which is the capital of the eponymous laurel soap. Due to the outbreak of the civil war, Mohamad decided to leave Syria. In 2015, after staying in Lebanon for one and a half years, he came together with his wife and six children to Cologne.

SOUGHT AND FOUND: ALEPPO SOAP MADE IN COLOGNE

Mohamad had his own company in Aleppo where he produced and distributed soaps and detergents. When we as FAIR SQUARED were looking for someone who would build up our soap production at the end of 2018, Mohamad decided to apply for this job. His application immediately convinced us.

MOHAMAD: OUR MAN FOR NATURAL SOAPS

Ever since, Mohamad is the person behind the FAIR SQUARED soap production. Next to the famous Aleppo Soap containing Fairtrade olive oil, he is also producing other natural soaps for our assortment. And the best about all this is the fact that he can do exactly what he did in his home country Syria.

KHIRO'S ALEPPO SOAP

This is a real classic in the traditional art of soap making. The natural Aleppo Soap is universally applicable. It is made from Fairtrade olive oil and organic certified laurel oil from sustainable cultivation. Optimal care, free of perfume and no preservatives. Suitable for skin and hair care.

1 x 160 G, 4910312

FAIR SQUARED GOES ZERO WASTE: A PROCESS

Since 2018 we are thinking of how to make our assortment even more sustainable. This is how the Zero Waste circle, which integrates distributors and customers into the process of waste prevention, was developed.

Fair natural cosmetics in a returnable system

1. Take the glasses into the retail shop
2. Sale to sustainable oriented customers
3. Usage of cosmetics
4. Take back the empty glasses
5. Send them back to FAIR SQUARED for cleaning
6. Refilling of the glasses... and the circle resumes

Important step: Choice of glass

- Glass as long-lasting material
- Reusable glass jar saves half of the carbon emissions compared to single-use glass jar. Carbon emissions: kgCO_2 per glass (100 ml) = 0,0505 kg (calculated by ClimatePartner, December 2019)
- Easy to clean and refill
- Returnable system that includes distributors and customers into the Zero Waste process

New: plastic-free lid seals made of natural rubber

- Previous EPE inlays are replaced by rubber
- Sustainable, fairly traded material ("Fair Rubber")
- Free of plastic and hygienic
- Can be reused

FAIR SQUARED WITH A NEW DESIGN

Our product range grew over the last years constantly. Moreover, different assortments were formed which are offered independently. Until now, this was not really visible in the design of the packaging. That is why we implemented some changes which help customers to distinguish the different products more clearly at the point of sale.

Relaunch of the glass containers

- Brown glass instead of white glass
- Higher protection from light for the cosmetics

Optimisation of the design

- Learned colour world for each Fairtrade ingredient is retained
- Each assortment gets its own pattern for easy distinction

Advantage for customers

- Attractive, clear structured design ensures high visibility
- Clear arrangements in the shelves
- The different assortments can be captured quickly
- Safe purchase decision because customers can easily find suitable products and their variants

**DAY CREAM ARGAN
HYDRO CARE**

Moisturising and revitalizing facial care for the day. Valuable argan oil protects the skin from dehydration and environmental stresses. Argan oil is rich in vitamin E which helps to protect the skin against harmful free radicals. Combined with apricot kernel oil and aloe vera, it soothes and moisturises the skin.

**50 ML ZERO WASTE JAR,
4910087**

**NIGHT CREAM ARGAN
HYDRO CARE**

Nourishing and soothing facial care ideal for the night. With a combination of valuable argan oil and rich shea butter. Providing nutrients and vitamins helping the skin to regenerate, deeply moisturising. It contains among others argan oil which nourishes the skin and is popular for its high amount of vitamin E.

**50 ML ZERO WASTE JAR,
4910140**

**BEAUTY CREAM ARGAN
EXTRA RICH**

Rich beauty cream with 5 different valuable Fairtrade oils for radiant, beautiful skin. This combination of argan oil, almond oil, apricot kernel oil, olive oil, and coconut oil is a spa treatment for your skin. Each oil has intense nourishing and moisturising properties. Amongst other things they are said to support the moisture of the skin and its elasticity as well as regeneration.

**50 ML ZERO WASTE JAR,
4910191**

**24 HOURS CREAM ARGAN
HYDRO PROTECT**

This moisturising 24 Hours Cream is a balanced composition of argan oil, olive oil, and apricot kernel oil, giving your skin protection around the clock. Provides long-lasting moisture without feeling greasy. Valuable argan oil and rich olive oil are excellent sources of vitamin E which helps to protect your skin from free radicals.

**50 ML ZERO WASTE JAR,
4910190**

OUR PARTNER “REACHER” FROM INDIA

The organic cotton that we are using for FAIR SQUARED and FAIR ZONE comes from a Fairtrade production site in Tiruppur, India. The modern factory employs 30 staff members who are producing for example our cosmetic pads and handkerchiefs from organic certified cotton. Tiruppur is said to be the India’s capital of cotton knitting. This is because huge amounts of organic cotton are spun here, from which 90% are exported. The wages of the employer Reacher are 5-7% above average. In addition, employees get social security. Especially the operators are strongly using their eyes, regular eye examinations are financed. Reacher is GOTS certified.

COTTON HANDKERCHIEFS

Highly useful, eco-friendly and not old-fashioned at all: our handkerchiefs made of Fairtrade organic cotton. Can be washed up to 90°C, available in package of three.

3 PCS., 4910247

COTTON COSMETIC PADS

Vote with us, for the reduction of waste in the bathroom. Ideally: our reusable pads made of Fairtrade organic cotton. For daily make-up removal and applying of cosmetics. Includes 7 pieces, machine-washable (up to 60 °C).

7 PCS., 4910183

FACIAL TONIC GREEN TEA

This mild micellar water with vitalizing green tea clarifies, soothes, and refreshes the skin without affecting its protective lipid layer. This facial tonic cleanses the skin, restores its pH balance, enhances the skin's natural defence mechanisms and prepares it for the application of skin care products.

100 ML ZERO WASTE BOTTLE, 4910245
500 ML ZERO WASTE BOTTLE, 4910249

FACIAL CLEANSING LOTION GREEN TEA

This particularly gentle cleansing lotion with vitalizing green tea and nourishing olive oil cleanses the skin softly and thoroughly without drying it out. It efficiently removes dirt, grease, dry skin cells, and make-up.

100 ML ZERO WASTE BOTTLE, 4910244
500 ML ZERO WASTE BOTTLE, 4910246

MAKE-UP REMOVER

The FAIR SQUARED make-up remover is perfect for even removing waterproof make-up. Thanks to the Fairtrade apricot kernel oil, this product is very nurturing and moisturising.

100 ML ZERO WASTE BOTTLE, 4910291

FACIAL SCRUB APRICOT

With this facial peeling old left-over parts of the skin can be softly removed. Due to the well-balanced texture of Fairtrade apricot kernel oil and green tea the skin gets sustainably nourished. The result is an extraordinary softness and real anti-aging effect.

50 ML ZERO WASTE JAR, 4910248

COTTON WASHCLOTHS

The good old “washing stain” as a proven alternative to wet wipes should not be missing in the bathroom. 2 washcloths made from Fairtrade organic cotton are suitable for hot laundry.

2 STK., 4910295

COTTON FACIAL MASK

The world's first reusable facial mask made of fairly traded organic cotton. Suitable for repeated use. Simply soak the mask into the facial mask fluid, place it on your face and leave to take effect.

4910290

FACIAL MASK FLUID ARGAN, DRY SKIN

This facial mask fluid contains Fairtrade argan oil, which is ideal for dry skin. It is the perfect supplement to our cotton facial masks but can also be applied directly to the skin.

100 ML ZERO WASTE BOTTLE, 4910276

FACIAL MASK FLUID APRICOT, NORMAL SKIN

This facial mask fluid is optimised to suit the needs of normal mixed skin and is suitable for regular use. By applying the fluid together with our cotton facial masks, the ingredients will stay on the skin for a longer period of time and improve the moisturising effect.

100 ML ZERO WASTE BOTTLE, 4910289

LIP BALMS

The FAIR SQUARED Lip Balms protect and nourish dry and chapped lips. After using our products, the lips may become softer and supple. Due to their light texture the lip care products can easily be applied, are quickly absorbed and leave the lips with a subtle sheen. The FAIR SQUARED Lip Care series contains Fairtrade apricot kernel oil, Fairtrade almond oil, Fairtrade lime extract and Fairtrade shea butter. Its scent is subtle and therefore especially pleasant.

This styling cream is ideal for fixing different kind of hairstyles. The formula comes from Aleppo and is refined with argan oil, almond oil, and coconut oil.

100 ML ZERO WASTE JAR,
4910296

HAIR TIES

Complete your hair care assortment with these soft hair ties made of Fairtrade organic cotton and fairly traded rubber. No pressure points and very gentle to the hair.

5 PCS., BLACK, 4910228

SHOWER GEL LIME

Shower gel for dry and sensitive skin. Olive oil is used for many centuries in softly cleaning and nourishing the skin. Furthermore olive oil is said to be rich in natural vitamins, minerals and essential fatty acids. Free of SLS (Sodium Laureth Sulfate) and parabens.

500 ML ZERO WASTE BOTTLE, 4910241

SHOWER GEL VANILLA

Shower gel with a discreet scent of fresh vanilla. The basis is fairly traded olive oil which is renowned for its anti-aging effect. In centuries-old tradition the oil is used for gentle cleaning and persuades by its moisturising qualities. Free of SLS (Sodium Laureth Sulfate) and parabens.

500 ML ZERO WASTE BOTTLE, 4910239

SHOWER GEL GREEN TEA

Pleasant scent, extremely nourishing: our shower gel with rich olive oil and fairly traded green tea. The tea extract soothes, refreshes and rejuvenates the skin. The included olive oil contributes to the moisturising and nursing effect of the shower gel. A soft and nourishing gel on basis of high-class natural ingredients.

500 ML ZERO WASTE BOTTLE, 4910240

SHOWER GEL COCONUT

Like all our shower gels, the Shower Gel Coconut is based on rich Fairtrade olive oil from Palestine. It foams discreetly and cleanses with natural surfactants while the subtle fragrance of coconut soothes skin and senses.

500 ML ZERO WASTE BOTTLE, 4910227

LIQUID SOAPS

SHOWER GEL APRICOT

As all our shower gels, the apricot shower gel is based on fairly traded olive oil, which is known for its moisturising effect. It is soothing for the skin, smells like fresh apricots and is extremely nurturing.

500 ML ZERO WASTE BOTTLE, 4910225

BODY SCRUB COCONUT

Our gentle peeling from fairly traded ingredients leaves your skin soft and smooth. The unique combination of high-quality plant-based ingredients predetermines the product for an ideal body peeling. The exclusive oil nourishes the skin while desiccated coconut gently exfoliates.

500 ML ZERO WASTE BOTTLE, 4910256

LIQUID SOAP OLIVE

The natural and fair alternative to clean one's hands. With olive oil which is well-known for its skin-rejuvenating characteristics. Amongst others, this is due to the amount of vitamins, minerals, essential fatty acids, and antioxidants contained in the oil.

500 ML ZERO WASTE BOTTLE, 4910223

LIQUID SOAP ALMOND

This liquid soap perfectly suits sensitive skin. In addition to fairly traded olive oil this soap contains precious almond oil which is well-known for its moisturising and smoothing qualities.

500 ML ZERO WASTE BOTTLE, 4910222

TOOTHPASTE COCONUT

Fair and sustainable: Our toothpaste coconut, available in a zero-waste glass jar. Coconut oil is known for its gentle, cleansing and bad-breath-preventing effect. Contains fluoride.

100 ML ZERO WASTE JAR, 4910340

TOOTHPASTE SPEARMINT

Ideal for extra freshness after teeth brushing: Our toothpaste with a fresh mint taste, available in a zero-waste glass jar. Gives a fresh feeling in the mouth, cleanses gently and is the plastic-free alternative to conventional dental hygiene products. Fluoride-free.

100 ML ZERO WASTE JAR, 4910320

MOUTHWASH SPEARMINT

The FAIR SQUARED mouthwash gives a long-lasting fresh feeling in the mouth. It can be used after teeth brushing or at any other time. High-quality, partly Fairtrade ingredients are united in this natural, plastic-free mouthwash. Contains fluoride.

500 ML ZERO WASTE BOTTLE, 4910323

MOUTH OIL COCONUT

This oil is 100% natural and contains fairly traded coconut oil. It is ideal for the ayurvedic tradition of oil pulling. It is said that this tradition has a detoxifying effect. It is suitable for a holistic cleaning of the mouth.

100 ML ZERO WASTE BOTTLE, 4910324

DEODORANT

DEO CREAM SHEA

Natural, vegan and reliable protection without aluminium. The cream does not prevent sweating, but building of odour.

50 ML ZERO WASTE JAR, 4910293

DEO CREAM FRESH LIME

Our aluminium-free deo cream is now also available with a fragrance of fresh limes. It does not prevent perspiration but ensures that no smell will be developed.

50 ML ZERO WASTE JAR, 4910342

INTIMATE DEODORANT CREAM APRICOT

Developed for women of all ages. This rich cream deodorises and nourishes the sensitive skin in the genital area leaving it feeling fresh and smooth. Contains Fairtrade apricot kernel oil and matches the natural pH balance of the skin in the genital area. Suitable for daily use.

50 ML ZERO WASTE JAR, 4910285

BODY LOTION GREEN TEA

The combination of olive oil and grape seed oil gives this body lotion its texture. Easily absorbed by normal and sensitive skin leaving it well moisturised and smooth. These valuable oils are rich in natural vitamins, minerals, essential fatty acids and antioxidants which help to rejuvenate the skin and prevent premature signs of aging.

100 ML ZERO WASTE JAR, 4910250

BODY LOTION LIME

This body lotion has a particularly light texture and will therefore easily be absorbed. Silky and soft with a refreshing scent of limes. The lotion is based on fairly traded olive oil which is well-known for its moisturising effect. Suitable for normal skin.

100 ML ZERO WASTE JAR, 4910207

BODY LOTION VANILLA

Based on high-class olive oil this body lotion effectively nourishes the skin. After usage, it leaves a subtle scent of vanilla and the skin feels soft and supple. The fairly traded olive oil is well complemented by the adding of Fairtrade vanilla. A light body lotion for normal skin.

100 ML ZERO WASTE JAR, 4910254

BODY LOTION COCONUT

Besides olive oil, fairly traded coconut oil dominates this body lotion. It is rich in natural vitamins, minerals, essential fatty acids, and antioxidants which soothe and rejuvenate the skin. The excellent qualities of the body lotion are complemented by a subtle natural scent of coconuts.

100 ML ZERO WASTE JAR, 4910251

SKIN CARE OIL ARGAN

This body oil made of valuable Fairtrade ingredients sustainably moisturises after showering or bathing. Argan oil is renowned for its high amount of natural antioxidants and therefore its highly nourishing qualities.

100 ML ZERO WASTE BOTTLE, 4910232

SKIN CARE OIL APRICOT

Fairly traded apricot kernel oil, argan and coconut oil unite in this nourishing formulation which moisturise the whole body and leave the skin smooth and soft. The subtle scent of ripe apricots unfurls after application. Especially for sensitive skin a real sensation.

100 ML ZERO WASTE BOTTLE, 4910233

SKIN CARE OIL ALMOND

With our Skin Care Oil Almond one can effectively protect the skin from becoming dry after bathing. The fairly traded almond, argan and coconut oils are well-known for their nourishing and moisturising effects. In this combination they effectively provide the stressed skin with precious ingredients.

100 ML ZERO WASTE BOTTLE, 4910234

BODY BUTTER SHEA

For centuries women in West Africa have used shea butter as the key ingredient in beauty products. Both, shea butter and olive oil are rich in natural vitamins, minerals, essential fatty acids which may contribute to an anti-aging effect. They moisturise and leave the skin well nourished, smooth and radiant.

100 ML ZERO WASTE JAR, 4910208

HAND CREAM OLIVE

The Hand Cream Olive nourishes dry, chapped skin leaving your hands supple and smooth. A rich cream that moisturises and protects the skin from signs of premature aging. Easy to apply and absorbed quickly.

50 ML ZERO WASTE JAR, 4910173

HAND CREAM ALMOND

The sensitive version of our classic alltime favourite is also based on nourishing Fairtrade olive oil from Palestine. Though, its specific characteristic is composed of fairly traded almond oil from Uzbekistan which adds on the cream's smoothness. This makes it an ideal partner for sensitive skin.

50 ML ZERO WASTE JAR, 4910288

FOOT FRESHENER LIME

Foot Freshener Lime is a real tonic for your feet in particular, if you spent most of the day standing. Citrus oils have a cooling, revitalizing effect and help to prevent unpleasant odours. With regular use areas with hardened skin become noticeably softer.

50 ML ZERO WASTE JAR, 4910174

LEG BALM GREEN TEA

Whether after hiking or a tiring day at work – the Leg Balm Green Tea revitalises, promotes blood circulation and speeds recovery. The astringent effect of vines and green tea is beneficial, if you suffer from varicose veins.

50 ML ZERO WASTE JAR, 4910175

DISPENSER

For more comfort in the bathroom, we are now offering reusable dispensers for our 500 ml bottles. These can be simply used instead of the lid and can be reused many times.

DO IT YOURSELF

The trending “Do It Yourself” movement has already reached the cosmetic industry. Consumers who are interested in a healthy life would like to decide for themselves, which creams and ingredients they are going to apply on their skin. Besides the individual decision for well-tolerated substances, factors like choosing pure, unprocessed raw materials play an important role in the buying process.

Take your chance as a supplier and choose our pure Fairtrade oils and butters in organic quality!

SHEA BUTTER (ORGANIC)

Pure shea butter shows excellent characteristics for the production of cosmetics. Its high proportion of different ingredients gives the organic butter made of the shea tree's kernels a highly nourishing and skin-soothing quality. Moreover, it is perfectly right for treating dry and neurodermitic skin.

100 ML ZERO WASTE JAR,
4910305

COCONUT OIL (ORGANIC)

Coconut oil is well-known for its multitude of qualities in the DIY movement. It is popular for many care products because of its skin-caring and moisturising characteristics. Whether as a pure make-up remover, a basis for deodorants or conditioners – discover our Fairtrade and ecologically cultivated coconut oil from India.

100 ML ZERO WASTE JAR,
4910303

OLIVE OIL (ORGANIC)

Our Fairtrade olive oil is a real all-rounder. That's why we use it as the basis for most of our cosmetics. Of course, we also offer it for the individual use at home, in high-grade organic quality. Since it is very kind to the skin and highly nourishing, it is also recommended for the dry and flaky skin type.

500 ML ZERO WASTE BOTTLE,
4910304

ARGAN OIL (ORGANIC)

Argan oil is often called the “Moroccan liquid gold” for its high economical significance. Also in cosmetical contexts the oil is attributed with numerous positive qualities. For universal hair and skin care – in fair organic quality.

100 ML ZERO WASTE BOTTLE,
4910301

ALMOND OIL (ORGANIC)

We offer fairly traded almond oil which we derive from sustainable and ecological cultivations in Uzbekistan. The oil which is made of the tasty kernels is said to have a nourishing and soothing effect on the skin. Since it is relatively slowly absorbed, it is perfect for using as a massage oil.

100 ML ZERO WASTE BOTTLE,
4910302

APRICOT KERNEL OIL (ORGANIC)

This pure apricot kernel oil is from fair trade projects in Pakistan and well-known for its universal quality as the base of many cosmetics. Moreover, it is recommended for a sensitive skin because of its mild and skin calming impact. It may also serve as a make-up remover if used purely.

SHAVING OIL INTIMATE APRICOT

The fairly traded and partly certified organic ingredients help prevent skin irritations and spots. The contained oils nourish the skin with precious nutrients like vitamin E. Additionally, they soothe and smooth the sensitive skin in the female genital area.

30 ML, ZERO WASTE, 4910329

AFTER SHAVE BALM INTIMATE APRICOT

This After Shave Balm was especially designed for application after shaving the female genital area and other sensitive zones. It protects the skin from irritations, soothes it and nourishes it with moisture while the contained natural oils are easily absorbed. Maximum moisturising without feeling greasy. Softens the skin and leaves it smooth.

30 ML, ZERO WASTE, 4910485 NEW
50 ML ZERO WASTE JAR, 4910187

SHAVING OIL ARGAN

The FAIR SQUARED Shaving Oil is the perfect preparation for facial and body hair removal. With fairly traded natural and certified organic ingredients. Prevents skin irritation and development of spots. Our smooth oil supports a simple and gentle shaving in the face and other body parts.

30 ML, ZERO WASTE, 4910330

AFTER SHAVE BALM ARGAN

Smoothing and cooling after shave product made of natural Fairtrade ingredients. Our After Shave Balm protects the skin from irritations and contributes to a healthy and shiny complexion. The applied natural oils are easily absorbed by the skin. They offer maximum moisture without feeling greasy, leaving the skin smooth and soft.

50 ML ZERO WASTE JAR, 4910177

BIKINI RAZOR & BLADES

Due to its simple and precise handling the Intimate Bikini Razor can prevent injuries and leaves the skin smooth, soft and perfectly shaved. Even not so easily accessible areas can be reached, curves can easily be followed. The set includes a razor with 4 extra blades. Replacement blades in a set of 5 are also available.

BIKINI RAZOR (1 RAZOR + 4 BLADES), 4910094
BIKINI RAZOR BLADES, 5 PCS. (5 REPLACEMENT BLADES), 4910095

SHAVING SOAP INTIMATE APRICOT

This vegan shaving soap has a pleasant apricot scent and is gently cleansing your skin while shaving. Due to its optimized pH value of 4.5 it is ideal for intimate shaving. Thanks to its easy handling, the shaving soap strongly convinces people who want to shave different areas of their bodies.

500 ML ZERO WASTE BOTTLE, 4910226

WASHING LOTION INTIMATE APRICOT PH 4.5

This washing lotion can be used extremely sparingly. It maintains and protects the natural pH balance of the skin in the genital area and is suitable for daily use. With its mild natural surfactants it is a good choice for sensitive skin and people suffering from allergies. Helps to prevent skin irritations and leaves the skin soft and supple.

500 ML ZERO WASTE BOTTLE, 4910255

DEODORANT CREAM INTIMATE APRICOT

Developed for women of all ages. This rich cream deodorises and nourishes the sensitive skin in the genital area leaving it feeling fresh and smooth. Contains Fairtrade apricot kernel oil and matches the natural pH balance of the skin in the genital area. Suitable for daily use.

30 ML AIRLESS DISPENSER, 4910189
50 ML ZERO WASTE JAR, 4910285

PERIOD CUP

The FAIR SQUARED Period Cup is a soft menstrual cup, made of fairly traded natural rubber. It does not absorb the menstrual fluid but collects it. The Period Cup can be used throughout the menstrual cycle, no matter whether the menstrual flow is light or heavy. It gives you longer protection because the cup can retain more than three times the amount of menstrual fluid than a regular tampon. The Period Cup is reusable, can easily be cleaned with water and once you know how to correctly insert it, you won't feel it. At the end of the menstrual cycle, it is recommended to boil the cup for one minute in clear water and store it in the provided cotton bag until the next use. In addition, our Period Cup Cleaner can be used to cleanse the cup.

PERIOD CUP CLEANER

With the Period Cup Cleaner the FAIR SQUARED menstrual cup can be easily cleansed before and after the usage. First, the cup should be cleaned with water and soap. Second, spray the Period Cup Cleaner onto the cup and wait for some minutes. Dab it softly afterwards with a clean and dry cloth and use clear water to wash it.

150 ML PUMP SPRAY, 4910133
240 ML ZERO WASTE BOTTLE, 4910426

BEST BUY-AWARD

OUR PERIOD CUP HAS BEEN AWARDED

The Ethical Consumer Magazine has awarded our FAIR SQUARED Period Cup with their "Best Buy" certificate in its July/August 2019 edition. Compared to other suppliers, our menstrual cup has gained the highest amount of credits. Among others, they have rewarded the sustainability of the product, our company's ethical guidelines and the transparency concerning environmental protection.

**LUBE & MASSAGE GEL
GREEN TEA**

Natural, water-soluble body care product suitable for massages and as a lubricant. The pleasant and gentle vegan formula with Fairtrade green tea helps to relieve physical tension and to regenerate the skin. Green tea has been known in Chinese medicine for centuries for its rejuvenating and healing effects. This product is condom compatible. Does not affect the vagina's pH balance.

MASSAGE OIL TOGETHER

Natural, vegan massage oil made from Fairtrade argan, apricot kernel, almond, and olive oil. Promotes blood circulation and muscle relaxation – a massage with this combination of high-quality oils is bliss for skin and soul. Leaves the skin well moisturised, smooth and supple. The oil is rich in fatty acids, vitamin E and A and minerals which have a beneficial effect on the outer skin layers, improve its complexion and counteract signs of early aging. Grape seed oil promotes relaxation, the skin can regenerate, regaining elasticity, and firmness.

**100 ML ZERO WASTE BOTTLE,
4910299**

MASSAGE OIL OLIVE

Natural unscented, lubricating massage oil based on Fairtrade olive oil. If desired, it can be scented with your personal choice of essential oils. The skin absorbs the oil very slowly. Due to the high content of oleic acid, olive oil has a regenerating effect. It is particularly suitable for dry and scaly skin. Olive oil is known to have warming, anti-inflammatory properties and can increase blood circulation.

MASSAGE CANDLE SHEA

Natural, vegan massage candle made with Fairtrade coconut oil and fairly traded shea butter. A unique way to combine the romance of candlelight with that of a sensuousness massage. Light the wick of the candle and let it burn until some liquid has accumulated. Extinguish the flame, wait for a short while and use the liquid as a pleasantly warm massage oil. The ingredients of the candle have lubricating qualities and leave the skin supple and radiant.

Under the name FAIR ZONE we offer useful products for household and garden, mostly made of natural rubber.

As a sustainable renewable material, natural rubber – which derives from the milk of the rubber tree *Hevea brasiliensis* – can often convince when compared to other materials. That's why we have created a small range which is branded FAIR ZONE. First fair balloons and household gloves, then seed trays. By now we can offer a multitude of sustainable and fairly traded household and gardening products to the group of ethical consumers.

PLASTIC-FREE AND BIOLOGICALLY AGREEABLE IN THE GARDEN

Trends like Urban Gardening have increased the home-gardening's popularity during the last years. More than ever plays the self-growing of fruits and vegetables an important role in the lives of ecologically and ethically acting people. A good reason for us, to support the topic of plastic-free in this branch. With our FAIR ZONE products which are a real alternative to plastic-based articles, one may vote for the ban of microplastics in the vegetable-growing area. Decide for a consequent range of products which your customers are seeking. Use seed trays, rubber boots, and gardening gloves from fairly traded natural rubber for your range expansion.

VEG-ROOT-TRAINER

The Veg-Root-Trainer is meant for home-gardeners who like to cultivate resistant plants with deep and strong roots. This reusable plant system is designed for easy separation of young plants avoiding root balls. 4 modules.

Total dimensions (closed):
approx. 20.5 cm x 12 cm x 5.5 cm
Module size:
approx. 3.5 cm x 4 cm

4800026

PLASTICS

Plastic pots are often single-use
Plastic seed trays tend to break easily
Danger of microplastics and plasticizers
Plastic is not a natural product, the basis are fossil fuels

NATURAL RUBBER

Long lasting quality, reusable
Easy-to-handle removal of young plants
Thick and flexible material
Natural rubber is a renewable material

SEED TRAY

A real novelty. Instead of cheap plastic in the organic garden we offer a long-lasting seed tray made of fairly traded FSC® certified natural rubber. Due to its flexibility the young plants can easily be removed for planting. 30 modules.

Total dimensions:
approx. 26 cm x 4 cm x 23 cm
Module size:
approx. 3.5 cm x 3.5 cm

4800014

SEED TRAY XL

For seedlings with huge roots, the Seed Tray is now also available as an XL version. By this, plants like tomatoes or other ones which need more space can be perfectly cultivated. 6 modules.

Total dimensions:
approx. 24 cm x 7 cm x 16 cm
Module size:
approx. 6 cm x 6 cm

4800194

GARDENING GLOVES

A solid knitted glove made of Fairtrade cotton, coated with fairly traded and FSC® certified natural rubber. It protects from thorns, sore spots, and dirt. The glove is washable without any difficulty.

ONE PAIR EACH:

S, 4800027, M, 4800028
L, 4800029, XL, 4800030

GARDENING APRON

Stylish apron with a pocket on the front. In this apron made of upcycled rice bags, useful little accessories for gardening have enough storage place.

4800017

4800190

FUROSHIKI: A COTTON ALLROUNDER

Derived from Japanese, Furoshiki describes a squared wrapping cloth which is used as an alternative to common packaging materials for presents. It is also used as a wrap for the popular bento box in asian countries, which makes it easier to carry. Here in Europe, those practical cloths has been named “Bündel“ in former times.

FAIR SQUARED AND FUROSHIKI

Always looking for clever zero-waste products, we came across the story of the cloths. What’s special about the FAIR SQUARED version of it? They are being manufactured by our partner Rice & Carry from sorted out and cleaned Saris in Sri Lanka. For one Furoshiki at least two different ones are used and sewed against each other.

Each cloth is unique with a different design in color and pattern.
The FAIR SQUARED Furoshiki is available in four sizes.

Manual for packing a box or a bottle of wine

- FUROSHIKI S, 25 x 25 CM, 4800207
- FUROSHIKI M, 45 x 45 CM, 4800203
- FUROSHIKI L, 75 x 75 CM, 4800192
- FUROSHIKI XL, 110 x 110 CM, 4800208

Rice & Carry was founded by Henry and Susi in 2012 and employs over 25 women today. Everything sold under the Rice & Carry label has its origin in waste such as discarded rice sacks or spice sacks.

The idea behind Rice & Carry is to create fair working conditions in the rural East Sri Lanka and at the same time to propagate upcycling and recycling. Since 2018 all buckles on Rice & Carry bags are made entirely of plastic waste.

With the Waste Less Arugam Bay project plastic bottles are collected and the buckles are recycled from the lids.

The idea behind Rice & Carry:
to give things a new role and to actively counteract the generation of waste.

Incidentally, Rice & Carry has been officially declared fair in 2019: the initiative became a member of the World Fair Trade Organization (WFTO).

UPCYCLING

All fabrics that we use are 100% cotton and handwoven here on site in Sri Lanka. The buckles for the adjustable belts / handles are all manufactured from recycled plastic by wasteless Arugam Bay. All nylon cords on the zipper heads are made of old fishing nets that we collect from the beach. Each product is unique with a different design in color and pattern.

Sookriya,
Weaver at R & C

Shredded waste plastic,
wasteless Arugam Bay

Buckles for our bags from
recycled plastic

BOTTLE COOLER

The Bottle Cooler made of recycled rice bags keeps its promise: the inside stays cool. Perfect for the next picnic in the park.
Height 33 cm, diameter 8 cm

4800011

COOLER BAG

The ultra light cooling bag is the ideal companion for mild summer evenings and extensive picnics outdoors. With two robust handles on both sides. Width 28 cm, height 18 cm, depth 18 cm.

4800010

PICNIC BLANKET

A quite unusual picnic blanket – with insulating and moisture-repellent bottom made of rice bags. Welcome, outdoor season! The bottom can be taken off for laundry so that the top of the blanket – a hand-woven cotton fabric – can be washed separately in the washing machine (30 ° C). Width 115 cm, height 170 cm.

4800167

LUNCH BAG S

Space-saving and fair: the foldable and reusable sandwich bag. With this, lunch time is twice as joyful. Length 48 cm, width 30 cm, when spread

4800171

LUNCH BAG L

Bringing your lunch to work? No problem with this Lunch Bag with Velcro fastenings. Cooling the inside with an additional insulation while travelling. Height 30 cm, width 30 cm, depth 13 cm.

4800172

KITCHEN APRON

Rice & Carry applies a new meaning to discarded rice bags, as seen in this stylish apron. The attached front pocket provides space for little things. With adjustable buckle from 100% recycled plastic on the neck straps. Height 80 cm, width 70 cm

4800176

BREAD BASKET

Really space-saving and stylish: the bread basket made of recycled rice bags. With a removable cloth at the inside which can be machine-washed at 30°C. Height 12 cm, diameter 18 cm.

4800200

PLACE MAT

Like for our coasters, discarded rice bags have been combined with raffia at the bottom. The result are these stylish and unique place mats. Width 45 cm, height 33 cm.

2 PCS., 4800170

COASTER

Give rice bags a second chance! For example as a coaster. The colourful coasters are reinforced by a bottom made of raffia. 12 cm x 12 cm.

4 PCS., 4800189

LAUNDRY BAG

The laundry bag made from recycled rice sacks is ideally suitable for storing laundry due to its moisture-repellent properties. It can be closed easily with the sewn-on fabric. Height 60 cm, diameter 40 cm

4800191

STORAGE HANGER

A real space-saver for the bathroom: the storage hanger by Rice & Carry. Separate cells for storing comb, cosmetics, and hair ties. Height 60 cm, width 25 cm.

4800199

DRAWSTRING BAG

This drawstring bag is small and light as a feather. When needed, it offers a lot of storage space. For example for the next trip to the beach. Width 30 cm, height 43 cm.

4800166

SHOPPER

A strong and eye-catching bag: the small shopper by Rice & Carry, made of recycled rice bags. Height 25 cm, diameter 20 cm

4800184

BEACH BAG

For all longer tours we recommend the Rice & Carry Shopper L which also cuts a fine figure by the lake. There is an additional zip pocket on the inside. Height 34 cm, width 34 cm, depth 16 cm

4800013

BARREL BAG

A modern sports and leisure bag with two robust handles made of white or black cotton. The zipper contains a nylon string which has been collected on Sri Lanka's coast. An additional zip pocket on the side offers room for keys, telephone etc. Width 45 cm, diameter 25 cm

4800198

YOGA MAT BAG

Absolutely sustainable: The own yoga mat can be easily carried within this Rice & Carry bag. Emission-free, fair and eco-friendly. The cotton shoulder strap is adjustable in length. The buckle consists of 100% recycled plastic. Length 70 cm, diameter 16 cm

4800165

COSMETIC BAG

Enough space for the tooth brush and the favourite cream. The cosmetic bag by Rice & Carry is perfectly storing all needed things for going on a journey. Width 23 cm, height 14 cm, depth 6 cm.

4800008

UPCYCLE SOAP BAG

From the Rice & Carry collection, for globetrotters and everyone who does not want to forego their soap bars during travelling: The Upcycle Soap Bag. It is made from collected rice bags and is perfect for storing the foamy soap bar. 12 x 12 cm

4910336

FESTIVAL ESSENTIALS TAG

Reduced to its minimum, but without being boring. The Festival Essential Tag is a small bag for everything essential as money, chewing gums, and ear plugs. With a key ring for hands-free actions on every concert. Width 13 cm, height 13 cm.

4800187

KEY RING

Robust key tag made of recycled materials: the Rice & Carry Key Ring. The buckle is made of collected bottle caps (HDPP), the belt has been manufactured from rice bags. Width 3 cm, length 18 cm.

4800043

BUM BAG

Here you can store anything that suits in a common bum bag. The only difference: this bag comes from a fair trade project in Sri Lanka which applies a second chance to discarded rice bags. Width 21 cm, height 13 cm, depth 5 cm

4800168

PENCIL CASE

Whether at school, university or on a business trip – with this pencil case everything is well stored what needs to be kept handy. Width 21 cm, height 8 cm, depth 7 cm

4800175

NEW

PURSE MINI

Height 9 cm, width 13 cm,
4800153 **NEW**

4800281 **NEW**

The “goddess of luck” has been one of the first eco-fair fashion labels with FAIRTRADE and GOTS certification since 2005. It is the epitome of sustainably produced fashion in the German-speaking area. It has always been close to her heart to extract and process natural raw materials under decent working conditions and to improve the lives of people in poor regions of the world.

The revolutionary pioneering spirit of the eco-fair label is still clearly noticeable and visible today. In terms of society and content, however, the “goddess of luck”, now run as a fair trade cooperative, is set up much broader today. In addition to well-being accessories, natural cosmetics, wellness and yoga needs, other exclusive everyday items are offered under the label. We are pleased to be able to offer our customers the new underwear of the “goddess of luck” exclusively.

You can find out more about the goddess of luck at

Hobby and free time, sports and mental fitness – that sums up all the products under the brand FAIRMOVE. A little bit spiritual, a little bit back to the roots and definitely fair to the producers. The newly founded lifestyle brand directs to all of those who are seeking a me-time moment between backpacking, surfing, and attentiveness exercises.

By this, the probably first yoga mat which is made of 100 % natural fair trade latex is also part of the range, as well as the sandals lending their name to the brand. FAIRMOVE sandals also consist of the renewable, fairly traded material and promise a high wearing comfort.

www.fair.move

FITNESS BANDS

Latex resistance straps in various strengths – for numerous exercises. Made from fairly traded latex. Each strap measures 150 cm (length) x 12,5 cm (width) and varies in its strength.

LIGHT, 0.16 MM, **4800018**
 MEDIUM, 0.25 MM, **4800020**
 STRONG, 0.35 MM, **4800024**

YOGA MAT

ADVANTAGES:

- 100% natural materials
- plastic-free
- fairly traded natural rubber and organic cotton
- without phthalates (plasticizer-free)
- robust, long-lasting quality
- easy to clean surface
- excellent grip, even with sweaty exercises
- high damping for joint-friendly execution

NATURAL RUBBER

Natural rubber (latex) is a renewable material with excellent qualities. It is also used for condoms, balloons, dummies, and gloves. Our FAIRMOVE sandals are produced with the use of fairly traded natural rubber from the Horana plantation in Sri Lanka. FAIRMOVE is member of the Fair Rubber Association. This means that we pay a fair trade premium which is being used for the improvement of the living and working conditions of the employees of the plantation and their families. The workers in Horana decide for themselves about the usage of the fair trade premium.

Our FAIRMOVEs are innovative and stylish sandals with something really special. They add up twice to a fairer co-operation. They are fair to the producing partners of the latex and fair to the environment which is taken care of by the usage of this natural material.

FAIRMOVES

FAIRMOVE may be the oldest design of a shoe world-wide. This is due to its characteristic construction with the toe-post. They count as a dedication to old wooden sandals which are supposed to be 5,000 years old. Mahatma Ghandi is said to have already worn those pioneers. Thanks to this, it is not a surprise that the expressive flip-flops are becoming quite popular in the constantly growing yoga community.

THE 17 UN SUSTAINABLE DEVELOPMENT GOALS AND OUR COMMITMENT

In September 2015, within the United Nations community, the 2030 Agenda for Sustainable Development was adopted. The involved 193 States have formulated in this context the so-called “goals for sustainable development” (Sustainable Development Goals, SDGs for short). These were considered cornerstones of the development and sustainability policy for the next 15 years.

Fair Trade, FAIR SQUARED and fulfilment of the SDGs

Did you know that many of the UN goals have long been implemented by the Fair Trade Movement? This is how we have been working since FAIR SQUARED was founded in 2010 on many sustainability goals that have been defined as “global goals”.

The SDGs of the 2030 agenda

Source: Global Goals, UN

Access to fresh water:
Fountain project on Sri Lanka

Collecting plastic bottles:
Upcycling project on Sri Lanka

Sustainable cultivation:
Latex tapper in India

Goal 1: No poverty

We pay a fixed minimum price for our Fairtrade commodities plus a premium. This contributes to the long-term improvement of the financial conditions of our partners, so that they can invest in sustainable projects.

Goal 2: No hunger

The price of raw materials we pay our trading partners is being established independently of the world market prices. This ensures that they still get by, even in times of lower world market prices.

Goal 5: Gender justice

We and the actors of fair trade make every effort to achieve the gender-independent equality in the global south. For this reason, for example, womens' labour rights are specifically supported, so that they can work on an equal basis and can thus increase their own future prospects.

Goal 6: Clean water and sanitary facilities

By means of premiums, about their use the workers and self-elected committees decide, well projects have already been realised, that enable access to clean drinking water.

Goal 12: Sustainable consumption and production

Of course, as a manufacturer and trader we are interested in selling our products. However this

must not happen at the expense of the environment. For example, we compensate all our emissions through climate protection projects. Furthermore we are about to change our assortment to completely "plastic-free" and are committed to setting up more sustainable industry solutions.

Goal 13: Climate protection measures

Through our work, we promote the resource-saving cultivation of plant-based raw materials under Fairtrade conditions. In addition to that, we support organic farming and use the chance to make climate-friendly and FSC® certified products attractive for consumers as an alternative to conventional ones.

Goal 14: Life under water

Our responsibility does not only extend to life on land. Much more, especially the marine ecosystem is threatened by our way of living. As a small Ocean Plastic Project, we've found a way, together with our partners in Sri Lanka, to upcycle the PP bottle caps and by this to contribute to the fact that they don't end up in the sea.

Goal 15: Life on land

Only an intact ecosystem can continue to meet the needs of humans and animals in the future. That's why we use FSC® certified raw materials and champion sustainable and fair conditions for the tapping of latex in India, Thailand and Sri Lanka.

OUR PARTNERS

As one of the first producers for cosmetics worldwide, we are allowed to label our products with the renowned Fairtrade mark due to their conformity to the organisation's guidelines. Furthermore, the FAIR SQUARED cosmetic products are labelled with the NATRUE mark for verified natural cosmetics, and the Vegan Society label. „Fairtrade – Natural – Vegan“ – if that is everything your costumers

want to know. With our hygiene and cosmetic products you can support the fair partnership with producers from the poorer areas of the world.

FAIR SQUARED PRODUCTS CARRY THE LABELS OF THE FOLLOWING LICENSE PARTNERS:

FAIRTRADE

FAIR SQUARED is primarily a company which implements the objectives of the Fair Trade movement and puts it in the enterprise center. We are one of the first companies worldwide that have been granted the FLO seal for cosmetic products and probably the only ones in this category whose whole product range is exclusively labelled Fairtrade.

BUT WHAT DOES FAIR TRADE REALLY MEAN?

- No child or compulsory labor
- A guaranteed cost-covering minimum wage for producers
- Fairtrade premiums that are independent from the market price
- Fair working conditions (paychecks, security, working hours...)
- Long-term trade relationships
- Transparent conditions
- The possibility of pre-financing
- Democracy in cooperatives or working committees
(shared profit, all votes are of equal worth)

All criteria were controlled by the independent FLOCERT (www.flocert.net) through continuous audits of all license partners (producers and traders). Only the ones who could fulfill the criteria and thereafter continuously work according to them are granted with the well-known Fairtrade mark.

About 90 % of the European population recognizes the Fairtrade label and 95 % of this percentage trust it.

www.fairtrade.net

NATRUE

Founded in 2007, NATRUE is a Brussels based international non-profit association committed to promoting and protecting natural and organic cosmetics worldwide. The NATRUE label is a guarantee for cosmetic products to always be as natural as possible. The products labelled with the NATRUE sign are of high standard and are divided into three different levels depending on how much organic ingredients they contain. The FAIR SQUARED products reach the first stage. We would very much like to achieve a higher level, that is however at the time not possible. Our products are certainly organically produced, but the needed documentations are either because of financial or organizational reasons not possible at the moment.

FAIR SQUARED products are allowed to carry the NATRUE logo because they are always produced as natural as possible. In practice, this means:

- Using natural and organic ingredients
- Gentle manufacturing processes
- Environmentally friendly practices
- Not using synthetic fragrances and/ or colours
- Not using ingredients deriving from petro-chemistry
- Not using GMO ingredients
- Not using radiation on the finished product or on the herbal ingredients

www.natrue.org

VEGAN SOCIETY

The seal of the international society “The Vegan Society” (with headquarters in Birmingham) is not only to be found on cosmetic products, but also on food, packaging, clothes, cleaning products, and others. The logo guarantees that the product does not contain any animal products. FAIR SQUARED products are certified by the English Vegan Society and meet their standards. Here is an extract from their standards:

- **Animal Ingredients:** The manufacturer and/or producer may not involve or have involved the usage of any animal products or animal by-products in their product or by the manufacturing of their product.
- **Animal Testing:** The development and/or manufacture of the product may not involve or have involved testing of any sort on animals conducted at the initiative of the company or that has been carried out by a party/parties over whom the company has effective control.
- **Genetically Modified Organisms:** The development and/or production of genetically modified organisms (GMO) may not have involved concerning animal genes or animal-derived substances. Products containing GMOs must be labelled as such.

www.vegansociety.com

FAIR RUBBER

Not all raw materials that FAIR SQUARED process are covered by the Fairtrade Labelling Organizations International (FLO). There are simply too many natural raw materials for that. One of these raw materials is natural rubber. It is produced from the sap of the tropical tree “*Hevea brasiliensis*”. The aim of the Fair Rubber Association is “to contribute to an improvement of the working and living conditions of the primary producers of natural latex by applying the principles of Fair Trade to the trade in products made from natural rubber”. That is what their statute says.

But what does it actually mean? Fair Rubber is good for the people. Participation in Fair Trade should be an option, particularly for the primary producers of natural rubber, the rubber tree tappers, and small rubber-farmers.

But the low prices paid for raw materials make it impossible for the tappers, plantation workers, and small-scale farmers to support themselves and their families. This is where Fair Rubber wants to help:

Paying a Fair Trade premium of 0.50 € per kilo of natural rubber to the primary producers ensures that even during periods of depressed world market prices, the costs of production would be covered and the suppliers would have a surplus. Crucially, this would allow them to improve their working and living conditions. The decision of how this premium is to be used remains with the workers: for example by the management board for small-scale farmer associations, or in plantations by a panel consisting of selected employee representatives and delegated management. The FAIR SQUARED products which carry the Fair Rubber association’s label are condoms, Period Cups, and future products made of fairly traded natural rubber.

www.fairrubber.org

HALAL

Halal is translated from Arabic into “allowed” or “approved”. For Muslims it is for example forbidden to consume pork and its by-products as well as blood and intoxicants (alcohol). Muslims can also not eat animals that have not been slaughtered in the proper religiously approved way. People do however not only consume nutrients orally, but also through the skin. For Muslims, it is therefore necessary that cosmetic production is done without these “forbidden” raw materials and that the production sites and machines are uncontaminated. Our production is being audited on a yearly basis. FAIR SQUARED is one of the few suppliers in Europe who produce halal cosmetics.

FSC®

The FSC® (Forest Stewardship Council®) is committed to promoting an eco-friendly, socially responsible and economically viable management of forests which meets the social, economic and ecological needs of present and future generations. The label ensures that only FSC® certified and controlled materials will be used at any time of the production chain.

For the production of FSC® certified products the following materials can be used:

FSC® certified quantities, controlled wood or recycled materials. Depending on the FSC® label, one can see whether the product is made only with material from FSC® certified forests (FSC® 100 %), if it is made with recycled, certified material (FSC® recycled), or if it consists of a mixture of certified and controlled materials (FSC® mix).

Only the products that are identified as such on this document are FSC® certified.

www.fsc-deutschland.de

CLIMATEPARTNER

Everything we do – the production of our products, transport, running offices and administration – causes CO2 emissions. Climate change does not just affect us and future generations, Fair Trade producers, too, already experience significant changes and disadvantages.

That's why we decided to have our emissions analysed by the independent company ClimatePartner (www.climatepartner.com), to reduce emissions as far as possible and offset the rest through different climate projects. As early as 2014 we offset the FAIR SQUARED condoms through the afforestation project 'biosphere reservation Schaalsee'.

Our complete assortment's emissions are compensated by a Gold Standard Fairtrade project in Raichur (a rural district in Central India). By the purchase of clean and efficient pressure cookers we offset our emissions. Our production is therefore considered "climate-neutrally".

www.climatepartner.com

A woman with dark hair, wearing a blue and yellow sari with gold borders and a white floral pattern, stands in a lush green field. She is holding a large, woven basket filled with orange and brown produce. The background is a soft-focus view of green foliage.
