

# FAIR TRADE UPCYCLING- PRODUCTS BY **RICE & CARRY** FROM **SRI LANKA**

**GUARANTEED  
FAIR TRADE  
ORIGIN**

This product has  
been sourced from  
Rice & Carry,  
a WFTO Guaranteed  
Fair Trade Enterprise.

Rice & Carry was founded by Susi from Austria and Henry from Germany in 2012. It employs over 25 women today. Everything sold under the Rice & Carry label has its origin in waste such as discarded rice sacks or spice sacks.

The idea behind Rice & Carry is to create fair working conditions in the rural East Sri Lanka and at the same time to propagate upcycling and recycling. Since 2018 all buckles on Rice & Carry bags are made entirely of plastic waste. With the Waste Less Arugam Bay project plastic bottles are collected and the buckles are recycled from the lids.

The idea behind Rice & Carry: to give things a new role and to actively counteract the generation of waste.

Incidentally, Rice & Carry has been officially declared fair in 2019: the initiative became a member of the World Fair Trade Organization (WFTO).
